

# AMSTERDAM INTERNATIONAL WATER WEEK 2017

## PROGRAMME AT A GLANCE

30 October – 3 November

The Amsterdam International Water Week is one of the most diverse and innovative water events in Europe. Cities, utilities and industries meet at all levels. The unique combination of the world renowned Aquatech Exhibition and the Amsterdam International Water Week conference, means that solutions and business connect with policy and science to discuss a broad range of subjects. A unique opportunity to share your views with 25,000 experts.
